

# NOTICE D'INSTALLATION

**IMPORTANT :**

Veuillez lire et suivre tous les avertissements et instructions avant d'utiliser ce produit.  
Une mauvaise utilisation peut entraîner des blessures.

## Entretien

Utilisez de l'eau tiède savonneuse et un chiffon doux pour nettoyer le verre.

Séchez avec un chiffon propre.

Si nécessaire, utilisez un nettoyeur pour vitres.

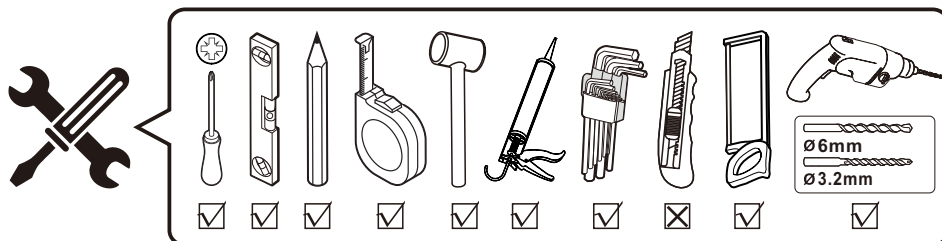

Les tampons à récurer, les abrasifs et les produits chimiques peuvent endommager le verre et sa structure.

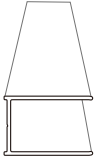

Si vous utilisez de l'eau dure, du calcaire peut rester sur le verre.

Si vous le laissez s'accumuler, il sera plus difficile de nettoyer le verre et il ne paraîtra pas brillant.

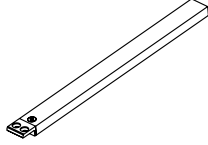

Nettoyez régulièrement le verre pour éviter que cela ne se produise.

- N'essayez pas de couper du verre.
- Ne touchez pas le verre avec des objets durs ou pointus.
- Vérifiez régulièrement les pièces mobiles pour vous assurer qu'elles sont sécurisées et correctement ajustées.  
Si nécessaire, il est recommandé d'ajuster et de serrer les fixations. Vérifiez également tous les joints.
